

Character Clover

Develop an original character. Write or draw your character's strengths, weaknesses, how they affect their story, and what would happen if all the characters in your group met. You can also draw your character on the back of this sheet.

The image shows a four-leaf clover template. Each leaf is a rounded, teardrop shape with a small notch at the top and a pointed tip at the bottom. The leaves are arranged in a cross pattern, with a central point where they meet. The top-left leaf is labeled 'Strengths' and contains the text 'Some of my character's strengths are...'. The top-right leaf is labeled 'Weaknesses' and contains the text 'Some of my character's weaknesses are...'. The bottom-left leaf is labeled 'Effects on Story' and contains the text 'The effects my character has on the story are...'. The bottom-right leaf is labeled 'Characters Meet' and contains the text 'If all the characters in my group met, they would...'. The entire clover is drawn with a simple black outline.

Strengths
Some of my character's strengths are...

Weaknesses
Some of my character's weaknesses are...

Effects on Story
The effects my character has on the story are...

Characters Meet
If all the characters in my group met, they would...
